\*The Lake Washington PTSA Council's Scholarship Program awarded its first college scholarships to four graduating seniors in 1982, electing to fund these awards through an annual local unit assessment. As the school district has grown, additional scholarships have been added as well as scholarships for staff members to assist them with the cost of continuing education. Additional revenue is obtained through the PTSA Council's annual Basket Auction. The income from the auction and the contributions from the local units are the foundational sources of revenue that support the basic scholarship program. Thank you very much for your participation in this program!
