

LWPTSA Council Board of Directors Sustainability Statement

Presented to the LWPTSA Council Board of Directors for adoption on March 16, 2023

As part of our mission to advocate for the health, well-being and education of every child, the Lake Washington PTSA Council Board values the efforts of our community to promote and increase sustainability in our school district. We appreciate the Lake Washington School District's ongoing efforts to become more sustainable and ask that the LWSD Board of Directors take steps to continue this work by creating a comprehensive sustainability plan that provides vision, consistency, structure, financial support and leadership for sustainability efforts across the district. The LWPTSA Council Board looks forward to continuing to partner with the district as we engage students and families in learning about and promoting more sustainable options for our future.

Yumna Green, LWPTSA Council President

March 2023

Kristen Dorwin, LWPTSA Council Vice President of Advocacy

Nirali Shah, LWPTSA Council Sustainability Chair
